MILLIONAIRE JOHN SPRING AND WIFE SEPARATE DESERTS PALATIAL HOME; DIVORCE EXPECTED

WATER COMPANY OFFERED TO CITY FOR \$14,100,000

Reorganization Under New Name Is Submitted to Railroad Board for Formal Approval

DEFINITE move in the direction of public ownership, marked the reorganization plan of the Peoples Water Company as agreed upon and made public by the committee today. This offer is made without in any way affecting the plan for reorganization and extends to the city of Oakland or any other community now supplied by the company the opportunity to own and control its own water supply.

The offer as contained in the published plan states:

"Without affecting any pending action towards reorganization in private ownership, all persons becoming parties to the modified plan will agree that the properties of the Peoples Water Company or the East Bay Water Company shall be offered for sale to the city of Oakland, or a water district, or other municipal corporation, desiring to supply the community or any of the communities now supplied by the Peoples Water Company with water until January 17, at the sum of \$14,100,000, plus such sum of money as the company may have obtained from the sale of any property. And in the event of sale the company shall retain its cash, accounts and bills receivable, and other personal property exclusive of material on hand, but shall pay its floating operating current expenses to the date of transfer, and no other obligations."

TRUSTEE HOLDS TITLE.
"In order that this offer may be carried out, the legal title to all stocks in the East Bay Water Company shall be vested until January 1, 1917, in a trustee, in trust to transfer and sell the same so such municipal corporation if said purchase price has been obtained; and in case of such sale, it shall be the duty of the trustee under the deed of trust securing the first mortgage bonds to deliver all bonds due and payable, provided that there be deposited with such trustee, or definite arrangements be made with such trustee for the deposit of a sum of money sufficient to discharge in full the principal and accrued interest of the first mortgage bonds hereafter mentioned. The balance of the purchase price shall be distributed to the holders of stock in accordance with the respective rights given to the stock."

FORMAL PLAN FILED.
The modified plan of reorganization of the Peoples Water Company of Oakland was filed for approval with the State Railroad Commission this morning. In addition to this plan, which contemplates the formation of a new corporation to take over the assets of the present corporation and to be known as the East Bay Water Company, an alternative plan for refunding bonds has also been presented. The original scheme contemplates the refunding of securities as follows:

To the owners of the underlying or divisional bonds, that is, bonds of the Contra Costa Water Company, Oakland Water Company, Alameda Artesian Water Company and East Shore Water Company, there will be issued first mortgage bonds of the new corporation equal in amount par value to the underlying outstanding bonds, or \$5,600,000, the new first mortgage bonds to bear interest at the rate of 5 1/2 per cent per annum from January 1, 1915, instead of 5 per cent, payable semi-annually. The interest on the outstanding underlying issues is 5 per cent. These bonds will be dated as of January 1, 1915.

Owners of underlying bonds will receive in addition in cash at 5 per cent the unpaid interest to the date of maturity, January 1, 1915, and 5 1/2 per cent for this year, or to January 1, 1916. Also there will be allotted to the holders of Peoples Water Company notes which are secured by the pledge of some \$5,000,000 of treasury bonds of that company, first mortgage bonds of the new company to

SLAYING IS TAKEN FOR MOVIE ACT

Marshal Sees Murder Thinking It Film Drama

Land Owner Is Shot by Real Estate Agent

LOS ANGELES, Dec. 23.—Thomas Miser, a real estate agent, shot and killed Bert Richardson, a wealthy land owner, at Tropic, a suburb, today.

Thinking he was witnessing one of a number of motion picture tragedies in process of filming, E. C. Fairfield, deputy marshal of the little town, stood nearby as a spectator, until Miser shouting "hands up!" backed him against a tree.

Michael Glory, sexton of a nearby cemetery, then opened fire, and Fairfield, to escape these bullets, slipped behind the tree. Miser then fled to his home, procured a rifle and when Fairfield reappeared at the head of a posse he emptied the magazine of the repeater at them and Glory without effect. Later when deputy sheriffs appeared and surrounded Miser's house, the slayer surrendered.

The shooting was result of a dispute over a real estate deal between Miser and Richardson. Miser had been employed by an agent of Richardson.

Macaroni Is 'Dry' At the Infirmary.

Every day the inmates have macaroni at the County Infirmary they have it in their cheeseless state.

Every day two cheeses in the police property room at the city hall are getting stronger.

The police want the county to have the cheese.

But the law says it must stay.

This is the situation resulting from the theft of two large cheeses, purchased by the county, and stored, awaiting transportation to the infirmary, in the Receiving Hospital, Ed Jones, occupation not given, entered the place and was caught by the police.

Storkkeeper J. J. Dignan, at the infirmary, was besieged by angry hospital inmates. They wanted their cheese. He applied to the police.

"Nothing doing," was the answer.

"The cheese has to stay until after Jones' trial."

Today Dignan asked the Board of Supervisors to provide a temporary cheese supply until the trial is over.

"And if police reports are correct, the cheese will walk home then," he reported.

Woman Seizes Man Who Grabbed Purse

Swan Maurice, a negro, was arraigned before Judge George S. Sams today on charge of grand larceny for taking a purse from the arm of Mrs. Zoelle Tusting, 1010 College avenue, Alameda, when she was shopping in a local department store last evening. Mrs. Tusting followed the man and detained him long enough so that Detective C. A. Taggart was able to pursue him through the shoppers and capture him before he could leave the store. The case was set over today for preliminary hearing.

Mrs. Tusting felt a pull on her arm, and found that the leather handle of her handbag had been cut. The negro was moving away and Mrs. Tusting followed, calling to him to stop. The man threw the handbag in her face, and fled. Taggart took up the chase and ran down the fugitive. Taggart is a deputy sheriff.

Bernhardt's Illness Is Incurable One

PARIS, Dec. 23.—Sarah Bernhardt, a report of whose dangerous illness was denied yesterday, is now said to be afflicted with a malady of the bones, which is obscure and perhaps incurable. It does not prevent her from giving occasional public recitations while sitting in a chair. These performances are artistic and effective.

Madame Bernhardt talks of her American tour, and is some ahead with the arrangements. Nevertheless she appears to be doubtful whether she ever will be in sufficient health and strength to undertake the trip.

Bakers Forbidden to Make Vienna Rolls

VIENNA, Dec. 23.—A ministerial decree has been issued forbidding the baking of rolls, biscuits and other fancy breads and permitting only the making of loaves of ordinary bread. The order does not apply to households.

A further order requires persons possessing raw oils, benzol and tar oil to report the quantity on hand on the 1st and 15th of every month.

This order authorizes the expropriation of mineral oils, if such a step is necessary.

MARTIAL LAW FOR GREECE IMMINENT

LONDON, Dec. 23.—Proclamation of martial law in Greece is reported unofficially to be imminent. Although no confirmation of this report is available, there is evidence of growing uneasiness at Athens over the possibility that Bulgarian troops will cross the border.

The only thing which has occurred to relieve the situation is the announcement that the Bulgarian officer in command of the force which clashed with the Greeks in Epirus had been punished, and that the incident is considered closed.

The mystery of the bombardment of Varna, which was at first depicted as a formidable Russian attack, on the chief Bulgarian port, has stirred London, but according to reports from both sides, it was nothing more than a minor naval action among torpedo-boats, in which the shore batteries participated. However, a large Russian fleet is said to be in the vicinity of Varna, and the action may be merely the preliminary to a serious Russian attack.

INDICTMENTS RETURNED IN KOENIG CASE

Chief Detective and Antique Dealer Formally Accused

Big Expedition Against Canada Alleged in True Bill

NEW YORK, Dec. 23.—Indictments were returned today charging Paul Koenig, chief detective of the Ham-burg-American line, and Richard Emil Leyendecker, an antique dealer, with conspiring to dynamite the Welland canal. Edmund Justice, a Ham-burg-American line watchman, was also indicted with Koenig on charges of conspiring to secure military information for the German government. The indictments against Koenig and Leyendecker charge them with conspiring to "set on foot in the United States a military enterprise against the dominion of Canada."

The indictments set forth that a part of this alleged conspiracy was to destroy by dynamite or other means, the Welland canal, leading from Port Colborne, on Lake Erie, to Fort Dalhousie, on Lake Ontario.

As a part of the plot to destroy the canal the indictments allege Koenig and Leyendecker planned to secure employment for their agents in various factories and mills adjacent to the canal.

Max Breitling, under indictment with Robert Fay, Dr. Herbert Keisel, Walter Scholtz and Paul Daecher on charges of conspiring to blow up navigation locks leading this country, today admitted, through his attorney, John B. Stanchfield, that he bought 300 pounds of chlorate of potash for Fay. The admission was made when Stanchfield moved for a separate trial for Fay.

Breitling purchased the potash, one of the chief components in certain forms of explosives, at Fay's request, Mr. Stanchfield said, and in so doing acted in good faith and was entirely innocent of any plan to destroy ships.

Great Exposure Due in Bomb Plot, Is Hinted

SAN FRANCISCO, Dec. 23.—That dynamite explosions at Pinole, Contra Costa county, at the plants of the Etna Powder Company, Isheming, Mich., and Dary, Ill., are insignificant compared to other alleged ramifications of the bomb conspiracy to be brought out in the government prosecutions here, was intimated by United States Attorney Preston today.

The statement was made in connection with the demurrer and motion to quash to be filed tomorrow in behalf of Baron von Brinken, C. C. Crowley and Mrs. Margaret Cornwell.

The federal grand jury met this afternoon, investigating the Maverick case and the bomb plotting, but no indictments were expected.

It is understood that orders from the German embassy at Washington have been received by Consul-General Franz Bopp to the effect that no more official statements shall be made here and that the ambassador will do all the talking in future.

Germans Claim to Be Gaining in France

BERLIN, Dec. 23.—The war office announced today that the summit of Hartmann's Wellerkopf, captured earlier in the week by the French, had been regained by the Germans. The text of the statement follows:

"Western theater of war:

"During the fighting yesterday a regiment of the Eighty-second Landwehr brigade recaptured the summit of Hartmann's Wellerkopf. The enemy suffered extraordinarily severe losses and left twenty-three officers and 1530 men in our hands. We are now busy clearing some portions of a trench on the northern slope still occupied by the enemy."

"The figures given in the French report of yesterday evening regarding the fighting around Hartmann's Wellerkopf on the 21st inst. are exaggerated by at least one-half. Our total losses, including all the killed, wounded and missing, so far as at present ascertained, amount to 1100 men."

Author of Threatening Letters to T. R. Freed

NEWARK, N. J., Dec. 23.—After being confined in state institutions for the insane since November, 1914, Mrs. Ida Von Claussen, writer of threatening and eccentric letters to Theodore Roosevelt and others, is to be released from the state hospital for the insane at Middletown, a court order to this effect having been signed today. She will be placed in the custody of her brother, Matthews Claussen, of New York City.

FRENCH WAR REPORT.

PARIS, Dec. 23.—The following communication was given out at the war office this afternoon:

"In Champagne there was fighting at close quarters with hand grenades to the east of Navarin Farm and in the sector of Hill No. 132."

"In the Vosges, at Hartmann's Wellerkopf, the situation is unchanged on our left. Our right continued to make progress yesterday."

MAY MAKE YOUNG WOMAN BRIDE IN EVENT OF DECREE

WHY SPRING'S MARRIED LIFE WAS FAILURE

These are the reasons Millionaire John Spring gives for leaving his palatial home and separating from his wife:

Difference in ages, Mrs. Spring being several years her husband's senior.

The "love triangle," the presence of another woman in the case.

Difference in social inclinations, Spring finding little of interest in social amenities.

The wanderlust, which is a moving force with Mrs. Spring, who loves traveling, but which never has possessed the soul of her husband.

Increasing prosperity of past years which developed the family out of its former simple tastes and simple ways.

John H. Spring, Berkeley millionaire, and Mrs. Spring have come to the parting of the ways. Spring has decided his palatial home in the Berkeley hills to the Regents Park Land Company and has taken quarters at the Alcatraz apartments, which he owns. Mrs. Spring is expected home on the Tenyo Maru from the Orient Monday and whether she will sue for divorce Spring does not know.

In charge of the Alcatraz apartments he has placed Miss Jean McGraw, who resides there with her mother, Mrs. G. McGraw.

Spring is expected to make Miss McGraw his bride if the present rupture in his homes terminates in a divorce.

Spring formerly resided in Fruitvale, but for the past several years has made his home in the college city. Three years ago he finished in the Arlington tract a majestic edifice at a cost of more than \$250,000, where he and his family have made their home and whence his daughter Anne recently went forth the bride of Noble Newsom.

Mrs. Spring, with another daughter, was then in the Orient and could not return for the wedding. It is understood now that her return will mark the permanent separation of husband and wife.

Spring is said to have been aware of the existence of Miss McGraw and it is declared that this and incompatibility have made the "Spring" life-facture almost inevitable.

OWNS GREAT PROPERTIES.

Spring is the owner of most of the property in this county from the Berkeley line north and from the hills to the bay. He has been or is proprietor of the several Regent Park tracts, the

Arlington tract, Arlington Heights, Thousand Oaks and other residential properties valued at several million dollars.

Spring and Mrs. Spring were married twenty-seven years ago in Oakland. Mrs. Spring was a widow at the time and had two children. Her oldest daughter became the bride of Lester K. Wells, San Francisco business man, and later married Percy Murdoch, who was associated with Spring in business.

The second marriage of the family was the romantic elopement while the Springs still resided in Fruitvale of Gertrude Spring with George Friend. Friend was then an actor at the Liberty Theater and his bride was but 15 years old and the match met with the severe disapprobation of the father.

FORGIVES THEM.

Later he forgave them, gave Friend a house at Thousand Oaks, made him a partner with him in the business and today Friend is reckoned as being worth \$100,000.

Mrs. Spring's second daughter became the bride of Robert C. Newell. For Newell also Spring built a home and took him into partnership and Newell today is as well fixed as Friend. Frank Spring, a son, was married to Miss Avis Sterling, a sister of George Sterling, the poet, a niece of Frank C. Havens of the Peoples Water Company, and they occupy a home the gift of Spring.

A few weeks ago Miss Anne Spring, another daughter of the couple, married Noble Newsom, the son of a prominent Berkeley family. He is associated with his father as an architect. With Mrs. Spring on her trip to the Orient was her daughter, Miss Dorothy Spring, the second youngest child. The youngest

child, Miss Marjory, is a student in the Sacred Heart convent at Menlo Park.

Mrs. Spring, before her first marriage, was Miss Celina Deppu, a member of a pioneer San Francisco family. For the past several years the Springs have resided in Berkeley, for the last two years in their beautiful residence at San Antonio and Arlington avenues, covering sixteen acres of ground and embellished with beautiful parks and Italian sunken gardens.

In spite of the magnificence of their surroundings, however, friends of Mr. and Mrs. Spring have been aware for some time that the most amicable relationship did not exist between them. Spring was rarely seen with his wife at social functions, an absence which he attributed to his

WILL ARRIVE MONDAY.

Until the present time, however, it was not supposed that their difficulties might lead to an open rupture. Some time ago Spring became acquainted with Miss McGraw, a former Eastern resident and the daughter of a Southern family of prominence.

Case with her in a business and semi-social way, a friendship grew steadily between the pair. It is understood that before Mrs. Spring left for the Orient she had become aware of this amity and that her trip across the Pacific was largely the result of difficulties which arose from her discovery. Whether she will remain in Berkeley and bring suit for divorce or will almost immediately leave on a protracted trip to Europe, neither Spring, or the members of the family are informed. Spring was in receipt yesterday of a wireless which stated that Mrs. Spring would arrive with her daughter Monday.

'WE ARE PLAYTHINGS OF WINDS,' SAYS HUSBAND

"I suppose that no one can dictate to himself the bent which his affections are going to take," declared Spring today. "I know that most men and women in matters of this kind are the playthings of the winds of fortune and that however much they may struggle they are borne along willy-nilly. Much of it depends on the background of a man's life. If I had been able to find in my home the spirit and enthusiasm which a man needs who is engaged upon ventures of the magnitude of my own, it might not have happened. But I was not able to count upon that sort of support. Mrs. Spring is a woman of all possible kindness and sympathy. She is a person to be depended upon in a home, but she is not the kind to rise with a man along the steps which his business takes him."

"I say this in all clarity to Mrs. Spring, against whom I bear no ill-will. Mrs. Spring and I have been married twenty-seven years, a period of steadily increasing struggle in a commercial way. We were of a largely different age at the time of our marriage and that same disparity still exists, of course, between our ages and I am still comparatively a young man. It seems to me now when there is no question of future fortunes, when it is possible for Mrs. Spring to indulge her like for travel, when any settlement that I would make would assure her being perhaps more independent even than I, that I should be permitted to live out towards the objective of my own happiness, the remainder of my life. I am trying to look upon this in a practical and not a sentimental way. It is the sort of thing that happens outside of a man's dictation every day of the world, and it has simply happened to me."

NOT SOCIETY MAN.

"I have never cared anything about social pleasures. I have been troubled with a difficulty that necessitated my taking care of myself and abandoning social demands, and I have wanted to stay right here working out the destinies of this section of the country, and I have never cared to share in the travel which Mrs. Spring has liked. These are possibly additional reasons for our difficulties."

"Miss McGraw is a woman still with enthusiastic outlook upon life. I know that too often this sort of thing is taken as a disparagement of a woman's character, but there is no justification for leveling any opprobrium upon Miss McGraw. We have been friendly all that time, and the word, and nothing that it does not mean. She is residing with her mother at the Alcatraz apartments, which I have given into her charge, and her mother is her chaperone."

"I have my own apartment at the Alcatraz."

Spring began his career as a street contractor in San Francisco. Shortly before the incorporation of the Key Route transitway ferry system, he became identified with Frank C. Havens, president of the Peoples Water Company, and F. M. Smith, acting as land agent in large purchases of suburban property for these two when they were launching the Realty Syndicate fires. After the San Francisco fire the rapid increase in the price of large tracts of Berkeley real estate, which he had made Spring, already well to do, very wealthy, and he was generally reputed worth not less than \$3,000,000. He became a director in the Western National Bank of San Francisco, the Mercantile National Bank, and in the Berkeley National Bank.

REGISTRATION BY PARTIES FAVORED

Commissioners in San Francisco to Do as 40 Counties Have.

SAN FRANCISCO, Dec. 23.—The state board of election commissioners today decided to follow the lead of 40 counties in the registration of voters for the coming primary election. The board voted 4-3 to require registration by parties.

Commissioner Cator, who is in charge of the board, said that the board had received many suggestions from the counties. He said that the board had decided to follow the lead of the counties in the registration of voters for the coming primary election. The board voted 4-3 to require registration by parties.

Cator observed that the matter should not be put off beyond this week, as the registration blanks would have to be printed and the arrangements of them made as soon as possible. The commissioners then agreed to meet at 2 o'clock Friday afternoon.

Commissioner Collins said he was not opposed to the resolution. He said that he had no objection to it and that it was a matter of time before it would be brought up. He said that it was a matter of time before it would be brought up.

The president of the board, John H. Mann, said that the resolution would go through on Friday. He said that the board had decided to follow the lead of the counties in the registration of voters for the coming primary election. The board voted 4-3 to require registration by parties.

The election commission has usually followed the advice of the law committee in relation to the law. In this instance the law committee finds that the necessity of party registration is plain. The commission will follow the advice of the law committee.

Congressional ITEMS

Mrs. Carrie Chapman Catt, president of the National Woman Suffrage Association, today announced that she had been elected to the position of president of the National Woman Suffrage Association for the coming year. She said that she was honored and pleased to accept the position.

The National Association Opposed to Woman Suffrage, which held its annual meeting in Washington recently, adopted a resolution stating that it was opposed to the admission of women to the Senate and House of Representatives.

Delegates from most of the twenty-four states represented in the association were present. The association is a national organization of women who are opposed to the admission of women to the Senate and House of Representatives.

The following named officers of the association were re-elected: President, Mrs. Arthur M. Dodge; Secretary, Mrs. William B. Glover; Treasurer, Mrs. J. C. Collins; and several others.

The association has been active in its efforts to prevent the admission of women to the Senate and House of Representatives. It has held many meetings and has issued many pamphlets on the subject.

The association has been successful in its efforts to prevent the admission of women to the Senate and House of Representatives. It has held many meetings and has issued many pamphlets on the subject.

Lansing Urges State Building

Department's Need of Home Presented

WASHINGTON, Dec. 23.—The need of a new building to accommodate the growing needs of the state department, now mainly housed in the southern wing of the state, war and navy buildings, is again urged upon Congress by Secretary Lansing.

"The department," Secretary Lansing says, "has for some years outgrown its present quarters and has been housed in a building which is overcrowded with clerks and overburdened with valuable records subject to total loss in case of fire."

"While Congress has provided preliminary plans and a site for a much needed new building for the department, no progress has been made toward its erection, nor is any immediate progress in apparent contemplation. It seems necessary, therefore, to invoke private enterprise to relieve the department's present deplorable lack of proper accommodation."

It is believed that private capital may be sufficiently interested to construct a building adequately adapted to the department's needs in close proximity to the state and navy department buildings, if authority be given the secretary of state to enter into a five or ten-year lease at a reasonable annual rental.

The following named officers of the association were re-elected: President, Mrs. Arthur M. Dodge; Secretary, Mrs. William B. Glover; Treasurer, Mrs. J. C. Collins; and several others.

The association has been active in its efforts to prevent the admission of women to the Senate and House of Representatives. It has held many meetings and has issued many pamphlets on the subject.

NEW WATER PLAN IS FORMULATED

Details Are Referred to Railroad Commission for Approval

(Continued From Page 1)

An amount not to exceed \$2,000,000 in exchange for the notes for par value.

The company will continue to have interest on these notes until the date when bonds are ready for exchange. The notes will be subject to the same conditions as the bonds.

The reorganization plan, provided further, that the owners of Peoples Water Company general mortgage bonds held in ownership, amounting to approximately \$1,000,000 par value, should receive first mortgage bonds of the new company amounting to \$700,000 par value, second, class A 6 per cent cumulative preferred stock to an amount equal to 50 per cent of the bonds outstanding and held in ownership, and third, class B 5 per cent non-cumulative preferred stock to an amount equal to 50 per cent of the bonds outstanding and held in ownership (less the \$700,000).

It will thus be seen that according to the new arrangement the bondholder will receive his proportionate share of \$700,000 of new first mortgage bonds and for the balance due him, including all accrued interest, to January 1, 1918, preferred stock, half class A and half class B. Dividends in the class will be cumulative after January 1, 1918.

In the event that the outstanding notes of the Peoples Water Company amount to less or more than \$2,000,000, the difference will be added to or subtracted from the \$700,000 of first mortgage bonds to be delivered to Peoples Water Company bondholders.

Further, the plan provides that all bonds held in pledge at November 1, 1915, to secure notes of Peoples Water Company, shall be assumed by them and therefore sold on foreclosure, will not be accepted by the reorganization committee for deposit. Pledges so foreclosing will not be represented by the committee, but will be subject to the provisions of their position on foreclosure sales of the Peoples Water Company property.

ALTERNATE PLAN.

The alternative and additional plan for refunding of Peoples Water Company bonds provides for an issue of second mortgage bonds 5 per cent non-cumulative, bonds in place of class A 6 per cent preferred stock. It is proposed that the present preferred and common stockholders of Peoples Water Company guarantee 9900 shares of company stock to the East Bay Water Company, par value \$100 per share, in exchange for their preferred and common stock. Further, it is agreed that any time prior to January 1, 1917, the properties of the Peoples Water Company may be acquired by the public at a price equal to the valuation for reorganization purposes fixed by the Railroad Commission as of January 1, 1915, with certain modifications.

The Railroad Commission will consider the plan immediately. The scheme in general followed out a tentative plan already made known by the reorganization committee.

Provision is made in the reorganization plan for the requirement by the state bar cities of the properties of the Peoples Water Company for public ownership at the price fixed by the Railroad Commission, with certain modifications.

Airmen Fight Duel in Clouds

German and British Are Slain in Battle

LONDON, Dec. 23.—Details of a recent air battle between a British and a German aviator, which ended in the destruction of both machines and the death of their occupants, is printed by the Amsterdam Telegraph, according to a dispatch to Reuters' Telegram Company.

Health Office at Stake in Berkeley

Berkeley, Dec. 23.—The health office in the reorganization of the Berkeley board of health is expected to come to the attention of the city council at its meeting tomorrow. The incumbency of Dr. J. J. Benton, who has been health officer for several years, is said to be at stake.

2678 Babies in Autos Counted in Single Day

"Cyclone" Wilson, county automobile statistician, with headquarters at the county infirmary, has compiled figures for traffic over the footbridge boulevard last Sunday, showing that there was a total of 14,932 automobiles of this number 74,681 passengers.

Ask Warrant on Bad Check Charge

SAN FRANCISCO, Dec. 23.—Application for a warrant to charge W. E. White, an Oakland attorney, who has appeared in one of the so-called "straw bond" cases with passing a worthless check for \$50, was made this afternoon by Roman & the Roman, clothing merchants. The police are investigating the matter.

DENY SCHMIDT AND PERRY WERE SAME

Son of Anton Johannsen Is Placed on Stand in Trial

By Associated Press.

LOS ANGELES, Dec. 23.—Placed on the stand by the defense to combat testimony of Mrs. Maud King Stewart that Matthew A. Schmidt, on trial for murder as a result of the Times explosion five years ago, was known here as Perry, Albert Johannsen, 18-year-old son of Anton Johannsen, a labor leader of San Francisco, testified today that he had known Schmidt for ten years, but knew no man named Perry.

Petty Thieves Rob From Shopping Crowd

Petty thieves victimized shoppers today, despite the precautions being taken by the police and the proprietors of the stores. The thieves were seen in the streets of San Francisco, and were reported to have stolen a watch, a ring, and a bracelet from a woman in a store.

Little Sisters of Poor Give Thanks to Patrons

The Little Sisters of the Poor, at East Fourteenth street and its vicinity, today gave thanks to their patrons for a merry Christmas and prosperous New Year to their kind benefactors. Many sincere thanks for favors received during the year are given.

Carranza Yields to Protests of Bankers

WASHINGTON, Dec. 23.—In the face of official foreign protests, General Carranza has temporarily suspended his decree ordering banks in Mexico City to redeem their notes in gold, according to advices received today by the state department. The suspension is effective until Carranza reaches Queretaro, an indefinite date.

WOULD GIVE CONTRACT TO LOCAL FIRMS

"Gentleman's Agreement" on Infirmary Work Is Urged

Following a lengthy argument submitted for the construction of the county infirmary during which various items were gone over, members of the Board of Supervisors and all figures examined, the whole matter was laid over by the Board of Supervisors until next Monday.

ZEPPELIN HONORED

LONDON, Dec. 23.—A Central News dispatch from Amsterdam says that Count Zeppelin, builder of dirigibles, has been elected a member of the first chamber of Wuertemberg.

JOAREZ ORDERLY: OBREGON AT LINE

Villa Reported to Have Raided Ranch, Capturing Americans.

EL PASO, Dec. 22.—General Alvaro Obregon, commanding all the Carranza forces, who arrived here last night from Nogales, Sonora, to take charge of the surrendered Villa territory and troops, was quoted this morning by General Obregon. He said he will be able to cross the border tomorrow today, it was said. Joarez was quiet.

J. B. Parker and M. C. Quintana, employees of the Babson ranch, the W. R. Babson property, near Madera, arrived after a trip of some days overland. They reported that the ranch had been captured by General Villa, with all the Babson property, property, ten days ago, and that General Medina was in charge.

Looting was general at Madera and the Hearst property, they said, and four Americans were prisoners of General Medina when they left. At the Mexican consulate it was said Medina probably would be induced to surrender to General Obregon. According to the statement of the Hearst property in Mexico, who is here, the four men in the Babson property are P. S. Black and William Evans, Americans, and Romulo Wagner, a German.

Joarez passed his last night in the Carranza control headquarters, and less of the hostile character of his night life.

Gambling has ceased, the disorderly resorts closed and the "wildcat" town in Mexico is dull and respectable to the average tourist.

Constitutionalist currency issued to the soldiers last night had a purchasing value in the stores and doubt as to its worth was removed.

The only uneasiness in the town shared by the de facto government officials in this city was the attitude of General Jose Rodriguez as to the surrender agreement and the whereabouts of General Villa. General Manuel Banares is supposed by enemies to secure the adherence of Rodriguez to the agreement.

Villa's Brother Is Facing Check Charge

SAN ANTONIO, Texas, Dec. 22.—Antonio Villa, brother of General Francisco Villa, was arrested here last night on a state charge. Villa was en route to New Orleans. He refused to make any statement. With Villa was General Rafael Flores, Villa's adherent, who accompanied the prisoner to police headquarters, but was not detained. The arrest was made on a telegram received from the sheriff at El Paso saying Villa was wanted there on a charge of defrauding Victor Caruso out of \$10,000 by means of a check which was returned from the bank marked "no funds." Caruso is a commission merchant and during the past two years has supplied thousands of dollars' worth of munitions to the Villa faction.

Colonel Villa left here Wednesday in an automobile and boarded the train at a small station thirty miles east. When the owner of the automobile called at the garage for his machine he discovered a wallet containing \$38,000 American money, which he said had been overlooked by his passenger of the night before. The money was sent by express to New Orleans.

Bulgar Leader Is to Be Punished

LONDON, Dec. 23.—The Athens correspondent of Reuters' Telegram Company sends the following: "In reply to representations made to the German and Bulgarian governments regarding the killing of British and Bulgarian soldiers in the Serbian force transgressed the Greek frontier, the Greek government has received assurances that the Bulgarian officer responsible will be punished."

Army of 400,000 Is Invading Egypt

Germans Direct Attack From Stamboul

ROME, Dec. 22.—A Turco-German expedition against Egypt has already been initiated, according to information from neutral sources by the "Tribuna."

Vanguard actions already have occurred. The operations are being directed from Constantinople.

The strength of the Egyptian expedition is estimated at 400,000. Of these, 200,000 are Turks and 100,000 Germans. Large bands of Arabs are expected to join the invading forces.

War material is being sent daily to Asia Minor. It includes numerous German heavy guns.

It is reported that Turkish forces have already crossed into Egypt south of El Arish. They have been engaged by British outposts.

The invaders evidently propose to follow the caravan route, which strikes the Suez canal near Ismailia. The British have constructed strong defensive lines to bar this route. Most of the defenders are colonials.

News is being spread in Constantinople of the successful work of the Turkish emissaries sent to Arabia, Africa and Asia to preach a holy war against the enemies of Turkey. It is an open secret, however, that the file of many of these emissaries is unknown. Those sent to the Suez Canal have been arrested.

FORD PEACE PARTY VISIT NOBEL HOUSE

CHRISTIANIA, Dec. 22.—Members of the Nobel Institute unofficially received members of the Ford peace expedition on Wednesday. The president of the Institute, who had promised support to the peace commission, expressed hope for its success. He said that neutral countries throughout the world desired a speedy termination of the war.

The Norwegian people look upon the reception by the institute as significant, as such occasions are rare.

The expedition starts for Stockholm today. The Swedish peace and arbitration league telegraphed that it would hold a mass meeting for the Ford delegates on Saturday.

Members of the Norwegian cabinet who were interviewed say that Norway was unable officially to take any action that would seem to be an interference with the natural course of events in the European war. This statement was in response to questions as to whether Norway was ready to take official action with other neutrals looking towards the ending of the war.

The body of Lloyd Bingham, a member of the Ford peace party, who died yesterday of pneumonia, will be sent to New York.

Villa Remnant Is Engaged in Battle

LAREDO, Dec. 22.—Carranza troops under General Jacinto Trevino engaged what remained of the Villa army in a fierce battle yesterday at Mapula, ten miles outside of Chihuahua City, inflicting a severe defeat, according to reports received here.

Nine hundred Villa soldiers were killed, wounded or taken prisoners, according to Carranza officials. The Carranza losses were said to have been small. The leader of the Villa soldiers was not learned. The troops engaged were said to have been remnants of a force until recently operating in Sonora.

Turks Aim to Clear Gallipoli of Allies

LONDON, Dec. 23.—Dispatches from Athens state that the Turks are apparently preparing to clear the Gallipoli peninsula of the allied troops.

The withdrawal of the British forces from the Suvla and Anzac positions has relieved the Ottoman forces of any danger of a flank or rear attack. Taking advantage of the cessation of action the Turks have cannonaded the allied positions on the Krithia-Sedd Ul Bahr front, following the bombardment with infantry attacks.

There was an allied counter attack on the Turkish center, but the Constantinople official communiqué claims that this was repulsed.

Russian War Craft Pursue Bulgarian

LONDON, Dec. 23.—"It is authoritatively reported that two Russian torpedo-boats pursued a Bulgarian torpedo-boat Tuesday to the bay of Varna, where the coast batteries opened fire on the pursuing vessels."

Reuters' Telegram Company says the Petrograd correspondent of the Russian ships left the zone of fire undamaged. During the raid two Turkish sailing vessels were sunk.

Blacklist Maintained

LONDON, Dec. 23.—Various American mercantile and manufacturing firms doing business in Great Britain are said to be suffering losses due to a blacklist which they claim the British government maintains against neutral individuals suspected of having affiliations with Great Britain's enemies.

VIRGINIA WOMAN IS ACCUSED KIDNAPER

London Police Court Remands Her for Week; Child Hidden.

LONDON, Dec. 22.—Maria Goodrich Moseley, an American, was remanded for a week at the West London police court today charged with removing her niece, Helen, age 14, from the possession of and against the will of, the child's mother, Helen Moseley Drewry.

Miss Moseley, counsel for the prosecution, declared, recently came to London and while staying at her sister's house, became attached to her niece. Following a disagreement four days later, the defendant left Mrs. Drewry's and had an hour afterward Helen disappeared, since when her mother has been unable to find her.

Mrs. Drewry burst into tears while testifying. She said when she asked her sister where the child was Miss Moseley replied that she did not tell, adding that it might incriminate her.

Counsel for Miss Moseley said the defendant throughout had asserted that she did not know the whereabouts of the girl and asked that she be released on her own recognizance. To this the magistrate replied:

"No, I cannot do that. It is a serious charge and I want substantial bail," which was set at £250.

RICHMOND, Va., Dec. 22.—Mrs. Maria Moseley and Mrs. Helen Moseley Drewry are highly connected in Virginia, the Moseleys and the Valentines, their maternal ancestors, having been of long-established families here. They have not lived in Virginia since the separation of Mrs. Drewry from her husband, Clay Drewry, recently adjudged mentally incompetent after his arrest on a charge of padding the pay roll of the street cleaning department in which he was a clerk. Relatives here are unable to account for this new development in the family affairs.

Russians Announce Numerous Victories

PETROGRAD, Dec. 22.—The Russian official statement today says: "In the region of Jacobstadt and Drinsk our artillery has destroyed Germans who were carrying out works near Arbidian, Illukst and Tennenfeld. South of Vidzy there were successful encounters with enemy scouting parties. Our aviators again bombed enemy trains traveling toward Sviyentsyan."

"In Galicia west of Trembowla in the region of the village of Tuzkov the enemy carried a height before our lines. One of our detachments assumed the offensive and charged the enemy, capturing about fifty prisoners. The retreating enemy was surprised by our patrols and cavalry scouts, who took another forty men, including three officers and also a large quantity of arms and ammunition. South of Buczacz in the region of Chmielew we frustrated an attempt by enemy forces clad in white uniforms to approach our trenches."

"On the Caucasian front on the night of the 19th our scouts on the front between the village of Akia and Mount Putuzart, twenty-two miles to the southwest, vigorously attacked the Turks and after driving them from the trenches made an advance. The Turks brought up reserves and delivered four counter attacks, all of which were repulsed. We inflicted heavy losses upon the enemy, our artillery co-operating successfully."

"In the region of Van our detachments drove back an enemy detachment of 150 men and occupied Binor Pass, twenty-five miles southwest of the town of Urmiah."

"In Persia our troops occupied Noveran Kum."

British Monitors in Mesopotamia Sunk

CONSTANTINOPLE, Dec. 22.—A Turkish official statement given our last night says that on the Iraq front in Mesopotamia, near El-Est-Amara, Turkish artillery sent two enemy monitors and caused an explosion on board of another.

An enemy attack on the Caucasus front in the neighborhood of Id in Turkish Armenia on December 20, resulted in losses for the enemy of eight officers and 200 men, while the Turkish losses amounted to only one-third as many, according to the statement.

In a magazine on the Golden Horn a quantity of dynamite exploded. Five soldiers and ten civilians were killed and a number of civilians were wounded. One house was burned. The Golden Horn is a narrow inlet of the Bosphorus separating the main part of Constantinople from Galata and Pera.

Canonization of Joan of Arc Postponed

PARIS, Dec. 23.—"Monsieur Touchet, bishop of Orleans, asked the Pope during a visit to Rome to hasten the canonization of Joan of Arc," says the Rome correspondent of the Petit Journal. The Pontiff, however, pointed out the significance attaching to such a step at the present time when Joan of Arc more than ever is a symbol of military valor and heroism of France, and said that to avoid the appearance of hastening the canonization, which could be considered contrary to the neutrality that the Vatican desired to maintain toward all the belligerents, he had decided to postpone the proceedings until after the war.

Moratorium Holds for Needy Ones Only

PARIS, Dec. 23.—The danger of tampering with the moratorium as it affects tenants was pointed out by Minister of Justice Viviani during an interpellation in the Senate by Senator Justin de Selves. The senator cited cases of tenants who were able to pay their rents, but refused to do so. One man, said the senator, would not pay what he owed, but offered to buy for cash the house of his landlord. The minister added that the government would do its best to settle the problem equitably without causing riots, and the debate ended in the adoption of a resolution stating that those who were not affected by the war and were able to pay their obligations should do so.

Appeals for Serb Fund

LONDON, Dec. 23.—An appeal for funds for Serbian refugees, signed by the Bishop of London, Earl of Kedleston, the Earl of Desmond and the Right Hon. Herbert L. Samuel, chancellor of the Duchy of Lancaster, was issued here last night.

AIDS T. S. BAKERS

PARIS, Dec. 22.—The government has rescinded the decree prohibiting the exportation to the United States of crude tartar and its by-product, which are used to a large extent in America for bread raising.

Turks Draw Near to Enemy's Stronghold

CONSTANTINOPLE, Dec. 23.—The Turkish war office gave out the following statement:

"Along the northern front our troops are approaching the barbed wire entanglements of the enemy trenches."

"On the Dardanelles front, near Seddul Bahr, there have been temporary artillery and bombing encounters. Our artillery on the Anatolian coast of straits successfully bombarded Mortolman and the land-bombing places at Teke, Burgu, Near

Mortolman we sunk two small boats and near Teke a small ammunition vessel. In one sector cleared of the enemy we found provisions of all kinds sufficient for an army corps for a long time—1,200,000 sandwiches, some thousands of tents, 500 blankets, 400 stretchers, one mortar near Ak-hime Dera and many mortar bombs hidden in the ground."

German Government Will Coin Iron Money

BERLIN, Dec. 23.—The federal council has decided on the coining of iron 10-pennig pieces. A 10-pennig piece is approximately the equivalent in value of 2 cents in United States coin.

German Government Will Coin Iron Money

Wife of Official Is Placed Under Arrest

CHICAGO, Dec. 23.—Mrs. Anna Wilder, wife of S. M. Wilder, Federal immigration inspector at Buffalo, N. Y., was arrested tonight in the office of Emilio Garcia, Cuban consul, on a warrant

Garcia claimed immunity under Federal laws relating to immunity for members of his diplomatic corps. He was not arrested. Mrs. Wilder is housekeeper for the Cuban. It is said. She was released

IRISH GUN SIGHT STOLEN.

NEW YORK DEC. 23.—A reversible telescopic indirect firing sight, the property of the United States army, the design of which has been carefully guarded by the government, has disappeared from a three-inch field gun in the armory of the Second Field Artillery of the National Guard, it was stated last night. Its intrinsic value was small. The supposed theft has been reported to the police.

suffering from mental trouble, and Foster had been friends for many years and no cause was known for a grievance. Knox recently developed mental trouble, and last September was taken to Washington and placed in a sanitarium for treatment. He arrived here from Washington several days ago.

Women at Helm Of Berlin Cars

Twenty Replace Men on Railway Platforms

BERLIN, Dec. 22.—Twenty motor-women today began their duties on three of the Berlin street railway lines. They constitute the advance guard of the female force, which eventually will displace all but the oldest men on the lines if the war continues. The women have undertaken almost every conceivable male occupation, but these twenty are virtually the first to be entrusted with the positions involving the safety of the public.

In the next ten days the motor-women will guide their cars on minor lines under the supervision of experienced men. If they can stand the physical strain and not lose their wits in crowds they will gradually be introduced on all routes.

PAROLE FOR BRITISH.

AMSTERDAM, Dec. 22.—The newspaper Rotterdammer announces that British officers interned in Holland may be released henceforth on parole.

CANCER CURED NO KNIFE USED

A vegetable plaster makes the cure. 500 cancers cured on people you can see and talk with. Cured patients from all parts of the State, including judges, lawyers, doctors, and ministers endorse this great discovery. Cancer seldom pains. A small lump or sore on the lip, face or body six months is nearly always cancer. 64-page book sent free. We solicit a thorough investigation. Examination free.

WANT CRUISER NAMED FOR CITY

Merchants' Exchange Starts Campaign; Urges Claim on Congress.

A campaign to have a new cruiser, to be built at Mare Island, or at least one of the ships to be constructed under the new Wilson policy, named the "Oakland," has been started by the Merchants' Exchange of this city. The California representatives in Congress have been wired the request of the Exchange, and have been urged to use their influence to have the next cruiser built on the Pacific Coast so christened.

The Exchange will address a number of letters to different prominent leaders in Congress, in the campaign for the battleship.

Members of the Exchange are busy this week with the New Year celebration plans. The committees in charge have held several meetings at the Exchange, and details are fast being arranged. The plan for the trip of the "Human Fly" on his toes across San Pablo Avenue, the details of the illumination of the city hall with scintillators and fireworks, this being in the hands of assistants of W. D. Ryan, the expert who illuminated the exposition, and the plans for the open air vaudeville, street carnival and confetti battles and other features are well under way. The next meeting of the Exchange will see very detail before that body.

SEEK MISSING BARGE.

NORFOLK, Va., Dec. 23.—The coast guard cutter Seminole is searching for the barge Potomac, reported to have been abandoned at sea. The Seminole was last reported cruising in the vicinity of Frying Pan Shoals lightship. No details concerning the fate of the Potomac's crew have been received.

ARTHUR HUGHES DEAD.

LONDON, Dec. 23.—Arthur Hughes, last of the pre-Raphaelite painters, died at Kew yesterday. He was a friend and fellow-worker of John Millais, Gabriel Rossetti, William Holman-Hunt, John Ruskin and William Morris.

CHILD BORN WITH TEETH.

BAYONNE, N. J., Dec. 23.—The stark baby of a Christmas visit to the home of Mr. and Mrs. Frederick G. Van Horn yesterday and left an eight-pound boy, which had two teeth.

BRINGS SICK MARINES.

NORFOLK, Va., Dec. 23.—The gunboat Sacramento has arrived here from Port Au Prince, Haiti, bringing a number of sick marines who were a part of the American expeditionary force in Haiti.

Here's Proof That Truth Is Stranger Than Fiction

ODDITIES CREEP INTO NEWS

SACRAMENTO, Dec. 23.—That a person may be very much older and at the same time be dead legally was demonstrated this week in San Diego when the first case on record to establish a death was heard. The report on the case reached the state Board of Health today.

The Legislature of 1915 passed a law that when a birth was not registered as required by law it would be necessary to appear to the courts for an order establishing such birth, and the San Diego case is the first on record under the new law.

A peculiar feature of the case is that the person involved is a Japanese and this race of people are usually prompt to see that all births are properly registered. Yoshiko Sumida, born April 2, 1912, is the party whose birth the Court established.

RED TAPE STRANGLES SHIP'S DEER MAMMOTS.

SAN FRANCISCO, Dec. 23.—Three beautifully marked deer, pets for years on the steamer San Ramon, became the victims yesterday of a government regulation which prohibits the entry of ruminants from the west coast of Mexico.

The animals were slaughtered aboard the vessel after the Bureau of Animal Industry had notified Captain Henry Dodge that they could not be admitted to Golden Gate Park. Every man aboard the steamer, from the captain to the cook, pleaded that the pets be allowed a home in the park.

The inspectors declared that the regulations had to be carried out to the letter.

Each member of the crew refused to become examiner, and Captain Dodge was forced to send ashore for a butcher.

WARDEN WILL FREE THREE FOR CHRISTMAS.

Warden "Jim" Johnston of San Quentin prison will give the precious gift of freedom to three convicts on Christmas morning. The State Board of Prison Directors gives this privilege to each warden every year. The men have been picked out. One has served ten years for manslaughter, another six years for forgery and the third five years for embezzlement. The warden says the six men picked during his two years' administration have all made good. The names are never announced.

URGES NO DIVORCES FOR TEN LONG YEARS.

ATLANTA, Ga., Dec. 23.—Deploping the increasing number of divorce suits, Judge Pendleton of the Superior Court today declared from the bench that all divorce laws should be repealed for a period of ten years. By that time, the Judge said, husbands and wives would be so much used to each other that they would not want to be separated.

hands and wives would be so much used to each other that they would not want to be separated.

DREAMS OF SUICIDE AND TRIES TO DIE.

PORTLAND, Dec. 23.—H. F. Hume, a Portland carpenter, following a quarrel with his wife last night, went to bed and dreamed that he had better commit suicide and his troubles. During the dream he jumped out of bed, seized a gun and shot himself in the head. The shot was a glancing one, however, and did not kill him. The wound was dressed at the hospital and he was sent home this morning.

LEFT-HANDED WATCH IS NOW A REALITY.

NEWARK, N. J., December 23.—The announcement that a left-handed watch has been manufactured is received with interest here. The instrument, according to description, runs backward, the figure on the dial going in the opposite direction from what is ordinarily the case.

FIVE BABES ADOPTED BY ONE M. V. FAMILY.

NEW YORK, Dec. 23.—Three children were today adopted in a group by Dr. Charles Russell Lowell Putnam of this city. This makes five children adopted by the family, as his legally given name.

Parlors Are to Install Officers

SAN LEANDRO, Dec. 23.—Joint installation of the officers of Estrella Parlor, Native Sons of the Golden West and of El Cerro Parlor, Native Daughters, will be held Tuesday evening, January 18, following their election this week. Since El Cerro Parlor was instituted a year ago, the two organizations have been in co-operation, and the same function will serve for the installation of both sets of officers.

Officers of the Native Daughters are: Past president, Mrs. Elizabeth Goodman; president, Mrs. Frances Cherry; first vice-president, Mrs. J. J. Denson; second vice-president, Mrs. Ward; third vice-president, Miss Emily Olivera; recording officer, Mrs. Mae Madara; inside sentinel, Miss Haley; outside sentinel, Miss Miamie Silva; nurse, Mrs. M. J. Felt; treasurer, Miss M. J. Felt; organist, Mrs. V. Peltoro; physicians, Dr. George Coleman and Dr. Z. L. Michael.

SUSPECT CONFESSIONS.

MARTINEZ, Dec. 23.—Harold Gage, who was arrested yesterday by Constable Palmer on suspicion of burglary, yesterday confessed to being responsible for a series of burglaries during the last few months. Included in the list were the looting of the homes of J. J. Anderson and R. H. Ingraham and the Ravelloni saloon. Gage was employed as a waiter in a local restaurant when apprehended.

PREPARE JURY REPORT.

MARTINEZ, Dec. 23.—The grand jury, of which E. B. Anderson of Walnut Creek is foreman, has finished the year's business and is preparing the final report to be presented to the Superior Court next Tuesday. It is understood that one of the recommendations to be made will be the appointing of an assistant county superintendent of schools at a salary of \$1500.

NAPA GUEST RETURNS.

FRUITVALE, Dec. 23.—Mrs. William Chapman of Napa, who has returned home from a visit to the bay cities, was guest of Mrs. B. C. Clark of Duane street and Mrs. Dr. C. A. Monroe of Elmhurst. She will later go to Nevada to join her husband, Mr. J. H. Chapman, who is spending the Christmas holidays with friends in Redwood City.

GOOD SIERRA WINTER.

HAYWARD, Dec. 23.—Snow and keen frost insure ideal conditions for the winter season in the high Sierras, according to D. H. Chambers, former manager of the Hayward hotel and now managing a hotel at Lake Tahoe, who is on a visit here. He left here for the lake about six months ago and has built up a big business in the mountain country, known as Al Tahoe Inn.

ATTORNEY IMPROVING.

FRUITVALE, Dec. 23.—Attorney Leonard F. Clark, who was recently severely injured in a mishap, is improving at his home, 2082 Danforth street. He fell off a street car several weeks ago fracturing a bone in his skull. His demise was feared, but he is now able to get about and his business is shortly after the accident.

OAKLAND TEACHER DIES.

Henry M. Stearns, a resident of Oakland since 1876 and for many years a teacher in a local business college, died yesterday at his home, 1925 Elm street. His demise was caused by an attack of apoplexy, from which he had suffered for five weeks.

GERMAN RULE IN WARSAW DENIGN

For First Time in Century the Poles Enjoy Religious Liberty.

WARSAW, Dec. 23.—It took the Germans just about a week to install in the province of Warsaw, the most important in all Poland, a government that, for the moment, at least, seems to be a genuine democracy.

Only a few days after the fall of Warsaw it was announced that General von Besser, appointed Governor of the district comprising some seventy square kilometers. He is the supreme authority, with powers infinitely greater than the Emperor possessed in relation to Germany. Under von Besser stand General von Ertzdorf as Governor of the city of Warsaw and military staff, and his excellency, Kries, as administrative chief in charge of all civil matters. Under them stands Police President von Glasse, former police president of Cologne, who exerts both military and civil authority. The first order the direction of von Ertzdorf, the second under Kries. Upon him falls the burden of detail work, the practical administration of the city and its suburbs. His first aide is Mayor von Ertzdorf, former mayor of the city of Bismarck, former expert in administrative matters. In addition there are, in the police department, any number of men who are experts in their particular lines and who head the various departments.

POLES HAVE ORGANIZED.

The Germans found, on taking Warsaw, a "citizens' committee" of Poles and Jews, headed by Prince Lubomirski, into whose hands the Russians had confided the management of the city. The committee was allaying as best it could the needs of the people in charitable ways, and wrestling with the food problem.

The Germans immediately gave official recognition to the committee and prepared to work hand in hand with it. But one subject, that of the food problem, has been abandoned. Prince Lubomirski occupies a sort of dual position. He is, first, a mayor, and secondly the committee head in its work for charity and food supplies.

On the other hand, the district of Warsaw and that of Radzimin adjoining, to the northeast, are subject to the police regulations of the district.

WELCOME FLOOD.

The branch departments of the presidium include a bureau of communal affairs, a bureau of education, a bureau of district, a bread and flour department, a complaint department, where, for instance, citizens lodge complaints against bakers, a bureau of veterinary department, which has had an enormous task in ridding the city of mad dogs, a censorship bureau which passes on all plays and films; a pass division which issues credentials to the residents of the district; an employment bureau; and a division which assists the wives of former German residents of Warsaw who are interned in Siberia and elsewhere.

Moose Plan Annual Visit to Infirmary

SAN LEANDRO, Dec. 23.—Members of the Oakland Lodge of Moose are preparing for their annual visit to the infirmary Christmas day. Clothing, books, magazines, tobacco and toys will be distributed among the inmates. Accompanying the lodge members will be their drill team, Moose Defenders, drum corps and band.

The lodge. There will be exhibition of drill and band music. The members of the aged inmates, men and women will be taken on an automobile ride and all members of the lodge with their families have been asked to be present. The lodge members will leave the clubrooms at 10 o'clock Christmas morning. If possible, the party is a committee consisting of Secretary H. Davidson, W. E. Watkins and W. J. Baccus.

Gleason May Become Manager January 1

VALLEJO, Dec. 23.—Mare Island officers state that Naval Constructor W. J. Gleason, U. S. N., will be appointed industrial manager of the local naval station the first of the year. The industrial management system has been started on the east coast and from all accounts it has proved to be a great success at all of the government plants, including the New York yard.

VALLEJO NOTES

VALLEJO, Dec. 23.—W. Latham Smith and Miss Clara Marcia Ear, of this city, were married in Napa yesterday afternoon and after a honeymoon they will be spending the Christmas holidays in the bay cities.

One of the most spectacular pyrotechnical displays ever given in this city of Vallejo is promised at midnight on New Year's eve, the general committee in charge of the arrangements for the celebration having decided to make the "battle" between the dreadnaught California and the battleship Oregon a feature long to be remembered.

Washington Lodge, No. 7, F. of P., on New Year's eve, following the regular lodge session will give a dance.

That the board of governors of Mooseheart, the big vocational institution maintained by the Local Order of Moose at Aurora, Illinois, will select the Vallejo Blue Rock springs as the site of the California branch of Mooseheart, which is to be established in this State, is the semi-official information reaching this city.

Thomas Lawlor died yesterday at the home of his sister, Mrs. Mary Horan, 529 Castro street, of heart failure. He was a native of Ireland, who had lived in Vallejo for over 25 years, and was 62 years old.

MARE ISLAND NOTES

MARE ISLAND, Dec. 23.—Hull department officers at Mare Island hope to be able to undertake the regular maintenance of the local naval station the first of the year. One reason for rushing the work on the Maumee is that the officers want to dock the gunboat Yorktown, the collier Saturn and the navy repair ship Prometheus before Christmas.

The cruiser Raleigh will follow the Prometheus in the regular maintenance of the local naval station. The three submarines for at least four weeks.

The Mare Island machinery department officers are preparing to ask the navy department for permission to submit bids for reconstruction and installation of the machinery on the local naval station. The officers are preparing to submit the bids to the Secretary of the Navy.

The "U" submarine board will not convene at Mare Island again until the crews of the three submarines have removed the battery cells from the craft. The boats were inspected yesterday afternoon. After the batteries are replaced they will probably be stationed in San Francisco bay or at San Diego for coast defense.

The collier Nereus will arrive at Mare Island next Monday from Oakland to undertake the regular maintenance of the local naval station. The Nereus will be in charge of the yard craft department, left yesterday morning for Milwaukee to attend the funeral of his mother who died Tuesday night.

GIVE SLIPPERS FOR CHRISTMAS!

LAST MINUTE SHOPPERS WILL FIND HOLIDAY FOOTWEAR IN ABUNDANCE AT THE SHOE MARKET, 1110 WASHINGTON ST.

NEW HIGHWAY TO CONNECT INTERIOR

Richmond Citizens Plan Way to Bring in Contra Costa Products.

RICHMOND, Dec. 23.—A twelve-mile macadamized road from Richmond up San Jacinto creek to the interior of the county is the latest plan in Contra Costa development. The project will probably be given a definite start by the board of supervisors.

The object of the project will be to open an extensive farming section in the interior of the county, to which farm products could be shipped directly into Richmond.

Such a road, said P. B. Anderson, foreman of the grand jury, "would give Richmond what it lacks at present, that is, a back country. Products could be shipped here at much less price than by the present round-about process."

The road would cost in the neighborhood of \$120,000 and would be much used by large travel to and from the county. Among country places reached would be Lafayette, Walnut Creek and Concord.

MANCHESTER UNITY ELECTS.

RICHMOND, Dec. 23.—Officers were elected by the Manchester Unity lodge, I. O. O. F., at a meeting held Tuesday evening at the Manchester hall. The officers will be held on the evening of January 4. The committee in charge consists of A. V. Camero, W. D. Waldorf and Ben Briggance.

ROYAL NEIGHBORS' WHIST.

RICHMOND, Dec. 23.—A whist party was held by the Royal Neighbors of America at Pythian Temple. Present were: Mrs. C. A. Labadie, chairman; F. E. Smith, J. H. Hammett, Mrs. J. A. Kittle, Mrs. Ida Hunt, W. A. Vickery, L. A. Coonberg. The following members of the order composed the committee which made the arrangements: Mrs. W. A. Vickery, Mrs. Jessie Kittle, Mrs. J. Sharrow, Mrs. P. Roeder, Mrs. Ida Hunt and Mrs. Nettie Wagle.

BANK EMPLOYEES' BANQUET.

RICHMOND, Dec. 23.—Thirteen employees of the First National Bank of Richmond held a banquet last night. After the spread the meeting adjourned to the home of C. J. Shepherd, where a Christmas celebration was held. Those present were Charles J. Cray, manager and vice-president; C. J. Shepherd, president; J. J. Yonce, and Candie, E. Wandner, Ivan Conn, E. Stewart, A. J. Richards, Donald McGregor, H. W. Pulso, Attorney T. H. DeLan and John Regello.

PLAN SERVICES.

RICHMOND, Dec. 23.—The First Congregational church will hold its Christmas services in the church auditorium, corner Nineteenth and Barrett streets, this evening. Rev. Francis Cooper, San Francisco, who is at present supplying the pulpit, will have charge of the services.

CEMENT UNION ELECTS.

RICHMOND, Dec. 23.—Officers of the Cement Workers' Union were elected last night as follows: Archie Thorn, president; William M. Pennington, vice-president; John Thompson, financial and recording secretary; Pete Auzes, marshal; A. H. Wells, master-at-arms; S. C. Loggins, C. Millward and A. Thurg, delegates to the Building Trades Council, and C. Millward, delegate to the district council.

TWO RANCHMEN STANDING SIEGE

With Small Force, Holding the Yaquis at Bay in Lonely Valley.

GUAYMAS, Mexico, Dec. 23.—Yaqui Indians still have possession of all property in the Yaqui valley, except two ranches, one being that of a Mr. Brusa, an American, where he, together with another American, and eight Germans, is supposed to be holding out, although no news whatever has been received from them since Monday when the second Yaqui raid had begun.

According to detailed accounts received today from settlers, the Indians have destroyed all the buildings and property where they have taken charge, but as yet no reports have been received of any Americans or other foreigners being killed.

On account of lack of ammunition Waldo Shelton and Barrett Jones, the two young men from Greenwich, Conn., who were running a large ranch and who last spring were successful in driving off the Yaquis, were compelled to abandon their property during the night, and after a long journey through the Indians' lines succeeded in getting out with only a skinship in which no one was injured.

Most of the settlers are practically uneducated and many are thoroughly disheartened. An official of the Richardson Construction Company received a telephone message from Montero, one of the Yaqui chiefs, stating that the Indians desired to have a conference in the mountains with Admiral Winslow, commanding the United States Pacific fleet, who is here aboard the cruiser San Diego, for the purpose of presenting their views to the Americans. He further announced that the Indians were holding Mrs. John Lehr, two young girls and two children, all of the same family, in captivity. These unfortunate were carried away by the Indians during the raid on Sasquegan last month.

It is reported that Mrs. Lehr is a Mexican woman whose husband is an American.

Aguiñaldo Supported for High Position

WASHINGTON, Dec. 23.—Unofficial information has reached here that Emilio Aguiñaldo, leader of the first insurrection against the United States, but now a law-abiding citizen, is urged in a petition by prominent Filipinos as successor of General Clinton L. Riggs of Baltimore, as Secretary of Commerce and Police in the Philippine Commission.

Disabled Barkentine Is Towed Into Harbor

SEATTLE, Dec. 23.—The American barkentine S. N. Castle, from Grays Harbor for Australia, with lumber, which was sighted in distress south of Cape Flattery yesterday, was towed to Port Townsend today. The extent of the damage has not been learned. Her captain yesterday reported six feet of water in the hold.

PLAN WASHINGTON MEMORIAL.

CHICAGO, Dec. 23.—White and negro friends of the late Booker T. Washington, negro educator, have started a popular subscription for the purchase of a building and site on the South Side, which will be named the Booker T. Washington Memorial and used as a social center and industrial training school for negro children of the city. The building and grounds are valued at \$135,000. About 1500 children can be accommodated. It is expected the premises will be ready for dedication by March 1.

POWDER FIRM TO SPEND MILLION

Atlas Plant Is to Be Greatly Enlarged, Work Started.

RICHMOND, Dec. 22.—Close to \$1,000,000 will be spent by the Atlas Powder Company to make its plant north of this place one of the largest in the country. Following the purchase by the firm a few months ago of the plant north of Richmond, additional acreage has been purchased this week and actual construction work is under way. The property purchased, known as the Garrity place, has a large frontage on San Pablo.

Expansion of the Atlas plant has been rapid. A few months ago the equipment of the plant, five miles north of Richmond, was taken over and at that time hints of further developments were made.

The newest move means that the firm will have not only one of the largest but one of the most modern powder manufacturing facilities in the country. It will also guarantee to the buyer the expenditure of a great sum in new construction work and in increased pay roll. The company has let four grading contracts and is leveling land where a series of new buildings are to be constructed. A number of contractors of Oakland and Richmond have turned in estimates on the project.

ATTRIBUTES SUCCESS TO "NEWSY" PUBLICITY

Advertising Reduces Cost of Living, Says Official of New Oakland Firm

Behind the coming of the Shredded Wheat Company to Oakland lies a story of that company's success in making its product known. Publicity, success, and expansion follow in order and to the first, so far as the new Oakland firm is concerned, has been given most careful and intelligent attention.

The theory behind the campaign of publicity used by this firm has been revealed by Truman A. De Weese, director of publicity, who advances newspaper advertising written with a value for the news element as the greatest single feature. De Weese has studied the advertising field until he is a recognized expert and his opinions have been widely quoted.

Pilled with terse home-driven points so dear to the real advertising man, De Weese's exposition of an art in which he has been remarkably successful is as follows:

"Advertising in national mediums may be said to popularize a trademark and educate the people regarding a commodity, but the newspapers will have to move the sale."

"Any national publicity campaign for a commodity that is within reach of the people is incomplete and inefficient unless backed up by newspaper advertising."

When reads the purchaser right up to the door of the dealer.

NO CONFLICT.

"There is no conflict between the newspaper and the magazines as advertising mediums in the mind of the experienced advertising man. Each has its value in the general scheme of merchandising. Where an article can be purchased by only a small percentage of people it is possible to give it national fame through the magazines, but even then it is necessary to localize this national fame through newspaper advertising in selected centers of distribution."

"The newspaper is published to give the news—but advertising is news. If advertising isn't news, the merchant should employ an advertising manager who can put news into it."

"Even the dullest advertisement will take on a certain amount of new value if it is run in a newspaper. It is in the atmosphere of news. It is on a live wire."

MUST BE "NEWSY."

"Advertising must respond in some part to the human hunger for 'news.' The word 'news' is merely another word for information, and advertising should be 99 per cent information."

"In no way does the newspaper more admirably fulfill its function as the people's informant than in the daily."

Information printed in its advertising columns.

"I know the newspaper is not usually regarded as a 'national medium.' It depends upon the way in which the newspapers are used. If a national advertiser uses the newspaper in a hundred or more widely scattered cities or towns, reaching into every state in the Union, he is certainly doing national advertising in the newspapers."

"No matter how we regard the newspaper, it remains a fact that some of the most successful national advertisers have never used anything but newspapers—but they have used them in a national way."

IS INDISPENSABLE.

"We may regard this fact as proven beyond controversy that the newspaper is the indispensable medium of the manufacturer of a product that may be used by the entire human race."

"Ninety per cent of all the commodities in the average store are purchased by women. The newspaper stands first as an advertising medium because it is peculiarly a home institution and sustains an intimate relation to the family circle."

"In making the annual inventory the merchant can put down advertised goods as 'cash.' He knows that the newspaper advertising will pull them off his shelves in due time."

"Newspaper advertising that is properly done sells the goods before the customer comes into the store."

"The newspaper habit is an American habit. If you step into a street car in the average American city you will notice that every passenger has his nose buried in a newspaper. He is not looking at the so-called advertising cards that are tacked above the windows."

INTO THE HOME.

"Street advertising is no doubt worth all it costs. But the street car does not go into the home, neither does the billboard."

"The two things that distinguished the newspaper from all other advertising mediums are timeliness and concentration. Other mediums may cover the country thinly and have a long life, but the newspaper makes a quick, definite impression and multiplies this impression many times with the largest possible audience in a given area."

"Newspaper advertising lowers the cost of living. By increasing the volume of sales and bringing a quick turn-over it yields a larger net income and permits a closer margin of profit on each article sold."

"Newspaper advertising is the greatest educator of the people regarding the things that increase the volume of sales and bringing a quick turn-over it yields a larger net income and permits a closer margin of profit on each article sold."

"Newspaper advertising avoids the greatest waste in advertising by enabling the advertiser to advertise intensively in those areas where he has distribution."

DIRECT CO-OPERATION.

"The right kind of newspaper advertising will kill the 'catalogue habit' and will keep at home the money and enterprise that are necessary for keeping a town from falling into decay."

"The retailer is the ultimate agency for reaching the consumer. The newspaper is the only medium through which the manufacturer can co-operate directly with the retailer in his field of distribution."

"An enterprising newspaper publisher should know every jobber and retailer in his own town. He is, therefore, in a position to co-operate effectively with the national advertiser who is using his columns to secure distribution of his product."

"Of course, the consumer pays the advertising bills. The merchant does not pay them. But advertising gives the merchant such large volume of sales and such quick turn-over that he can sell goods cheaper than his competitor who does no advertising. For this reason the customer can pay the merchant's advertising bills and at the same time get his goods at a lower cost."

MAGAZINES KNOW IT.

"If I step into the store of one of the three hundred and fifty thousand distributors who sell Shredded Wheat and say: 'Where would you like to have us advertise in order to help you sell Shredded Wheat?' if he is a live, up-to-date merchant he will have but one answer—in the newspaper."

"When a real, live, up-to-date magazine publisher wants to reach people, what does he do? He advertises in the newspapers in a national way. Did you notice the advertisement of the Christmas number of the Ladies' Home Journal in all the leading newspapers of the country? As a piece of effective publicity it reflected great credit upon the business sagacity and cleverness of Mr. Curtis."

"The newspaper is the connecting link between national publicity and the consumer. General publicity is good, but it does not get the order."

"The newspaper should base its rate on quality instead of quantity of circulation—and in this case quality refers not only to the people who read the newspaper, but to editorial and news matter and the advertising it carries."

CAN'T DO WITHOUT.

"Whether you are advertising a 'staple' or a 'specialty' you cannot do without newspaper advertising. You must create through advertising a consumer demand so strong the dealers will have to carry the goods."

"The magazine has an advantage in pictorial position. The newspaper is crowding the magazine hard when it comes to pictorial art. It must also be remembered that this is an age of reason—why copy in all kinds of advertising when something more than pictures are needed to sell goods. Even Wrigley attempts to give 'reason' to a human being should chew gum."

"Twenty years ago no serious-minded candidate for office would have proclaimed his qualifications in a paid display ad in the newspaper. He would have bribed the editor with cigars. At the last election in Buffalo the candidates for commissioner under the new commission government used not less than two thousand lines per day in the local newspapers. This was a dignified appeal to the intelligence of the voters and the returns show that in some instances the people paid more attention to the display advertising than they did to the editorial advice of the newspapers."

"The newspaper is dealing in live issues. It takes the pictures of the world's events not from the wire each day. It stirs popular interest in its profoundest depths. The advertiser can take advantage of all that is in the newspaper in the newspaper the advertiser can 'do it now.' The noiseless, restless appeal along the lines of human interest becomes the greatest force in modern merchandising—a force that gradually builds up for a firm or a product a good will asset which the greatest conflagration cannot destroy."

Recall Petitioner

Held to Answer

Frank Chessman was held to answer before Judge Samuel J. Smith a felony charge of misrepresenting the nature of a petition for the recall of Superior Judge Joseph E. Bonds were fixed in the court of 22nd. The returning officers were Frank Hargrave, 24 Eleventh street. Chessman is the eighth man to be arrested in connection with alleged misrepresentations concerning Kelley recall petitions.

MR. H. N. MORRIS,
Vice-Pres. Central Savings Bank,
Oakland,
California.

Dear Sir:-

Two years ago, when the Central Savings Bank inaugurated its "Christmas Savings" plan, several relatives, friends and myself subscribed thereto.

As a result of such savings, and realizing the advantages of not only providing for Christmas expenditures, but also with the view of promoting and encouraging thrift, the members of the Laundry Owners' Association of Alameda County called the attention of their employees to this "Christmas savings" plan, with the result that checks amounting to approximately Five thousand (\$5000) dollars were received this month by those employees and ourselves through having saved amounts ranging from Twenty-five cents to Two dollars and fifty cent per week.

From present indications the savings of employees the coming year will more than double that of the year just past, all being the outcome of weekly savings scarcely missed.

Our employees being paid weekly, those desiring to participate in the "Christmas Savings" authorize our Cashier to withhold such an amount as they wish to subscribe, the same being deposited by our Cashier as "Christmas savings", at the Central Savings Bank, and in the name of each employee.

Owing to the great satisfaction, as well as pleasure and profit derived through two years participation in the "Christmas Savings" prompts me to address you.

Yours very truly,

Gen. B. Ferguson
Pres. Laundry Owners Assn. of Alameda Co

SCENES FROM "AT THE
PERRYBINGLE." PRESENTED
LAST NIGHT BY CHILDREN
OF THE PIEDMONT SCHOOL
AS A FEATURE OF THE PLY-
MOUTH SUNDAY SCHOOL EX-
TERTAINMENT.

Children of the Plymouth Sunday school made merry at Plymouth Center last night when the Sunday school choir and youthful actors from the Piedmont school joined in presenting a novel program for the juvenile audience.

The Piedmont school children presented a little play from Dickens, "At the Perrybingle," and the choir rendered a number of Christmas hymns. Rev. A. W. Palmer, pastor of the church, spoke and a number of Sunday school superintendents and teachers assisted in the affair. Christmas candies were distributed among the guests and Christmas greens and decorations decked the hall. Several hundred children were in attendance.

To Demand Ferry Service for Autos

Demand for the establishment of adequate automobile ferry service between San Francisco and Sausalito is to be made on the Northwestern Pacific Railroad Company. Fifteen powerful organizations of the bay cities are to meet in San Francisco at the Palace Hotel next week to urge their claims. A campaign will be started, it is declared, to force the establishment of the service. At the meeting, to be held next Wednesday or Thursday, the date to be decided later, this campaign will be outlined.

The recommendations of the committee to outline the campaign and prepare the statement urging the service will be put up to William Sproule, president of the Southern Pacific; E. O. McCormick, vice-president and general manager; W. S. Palmer, president and general manager of the North-western Pacific, and W. A. Elissall, traffic manager of the Santa Fe. If these officials accept the invitation to meet the civic body representatives on Wednesday or Thursday,

Property Owners Don't Want County Hospital

H. V. Blasfel and William Moller, representing property owners surrounding the proposed new site of the general county hospital at Orchard and Webster streets, appeared before the Board of Education last night and protested the contemplated action of the supervisors. They asked that the board of education add its voice to the protest on the ground that the hospital, which will receive contagious cases, will, if placed on this property, be within a short distance of the Grant school. The matter was referred to the committee of the whole.

Shock From Power Line Proves Fatal

BAKERSFIELD, Dec. 23.—S. Hopkins was killed and S. R. Jeter was fatally burned today when both received a shock from a high power line of the Lerdo Land Company at Lerdo, twenty miles north of here. Falling into a well pit ninety feet below the men caused Hopkins' death.

GRAIN PLAN MADE.

BERLIN, Dec. 23.—According to a Bucharest dispatch, the exportation of 50,000 carloads of grain of various sorts has been finally arranged, agreement on the method of payment having been reached between German and Rumanian negotiators.

Breuner's Announcement For the Day Before Christmas

RECORDS BROKEN BY POSTAL TRADE

Enormous Volume of Patronage Proves Ponderous Beyond Past.

The Oakland Postoffice during the past week has exhibited all records in stamp sales and the distribution of stamps and outgoing mail. Through the eight stamp windows at the main office \$100 worth of stamps were sold. A great deal of work was done in the office during the Christmas week. On Tuesday, December 30, stamp sales were made.

Postmaster J. J. Roshorthern is personally directing service to the travelers and provides that have been streaming in to the postoffice since last Monday to dispatch their parcels. This personal policy has met with commendation of the merchants and more especially with the Christmas shoppers.

Postmaster Roshorthern is packed to over \$100,000 worth of stamps have been

thousands of persons bearing letters and packages of all sizes. The parcel post department has never since its inauguration seen such a rush of business. Postmaster Rushborough lays stress on the fact that the parcel post booth at the Household Show at the Municipal Auditorium, facilitated greatly showing consumers how to prepare their Christmas mail.

mas gifts for mailing. During the house-
hold Show one of the experts from the
postoffice was placed in the government
booth by Rosporough to show the public
the correct way to send parcel post
packages. These ranged from brooms
automobile tires to stoves and other
bulky articles.

RECORD FOR VOLUME.
One thousand sacks of mail handled
at the temporary station at Sixteenth

street is the record set by the fifteen clerks in one day. Never before in the history of the Oakland postoffice has such a rush of Christmas business taken place. The feat of the clerks at the Sixteenth street branch was performed under the direction of Rosborough, who installed the station on the fifteenth of this

While in the east recently, Postmaster Rosborough conceived the idea of the rapid handling of mail by having the postoffice brought directly to the railway and save the double handling of the mail.

"We have added forty clerks and fifty carriers in facilitating the rapid handling of Christmas mail," said Postmaster Rouse. "This is the busiest time of the year for the post office."

"Yesterday we handled 1000 sacks of mail at Sixteenth street, and on the previous day 800 sacks. These figures constitute a record for a single day in the Oakland office.

"All incoming mail this year has been distributed from Sixteenth street, instead

"This is the first time the Southern Pacific depot has been used as a distributing station, but it has proved such a signal success that I hope to have it continued indefinitely."

Rosborough said that business in the main office had gone forward by leaps and bounds and that the need was manifested daily for the new building to which he has labored ever since he took the office.

Mayor Is Guest at Lodge Banquet

of Railway Trainmen at Alcatraz had the banquet followed joint installation ceremonies for the officers of lodges No. 71 and 850, with the Ladies' Auxiliaries of the two lodges.

J. W. Harding acted as toastmaster. Short addresses were made by May Davis, Commissioner Edwards and Clerk Lon Cummings.

ENGINE TROUBLE!

GREAT BASEBALL WAR ENDS WITH DEATH OF FEDERAL LEAGUE

RECONSTRUCTION TO FOLLOW PEACE PACT WITH FEDS

Baltimore May Make Trouble, But Peace Is Assured, Say Officials.

CHICAGO, Dec. 23.—Organized baseball today began to make plans for the 1916 season following the successful termination of the two-year war which was effected by the signing of the agreement by representatives of the two major leagues and the Federal League.

After the signing of the agreement last night a telegram was received from Baltimore saying that Federal League officials in that city would try to upset the peace plan by asking Federal League members of the National Commission and club owners of the major league teams to appear in Baltimore to sign the agreement.

PLAYERS GIVEN IMMUNITY. President Tener of the National League, who acted as spokesman for the peace conference, said they would sign the agreement with the understanding that the players would be given immunity from prosecution for the past two years.

MORE QUESTIONS COMING. Other questions to be settled, chiefly in connection with the International League, have been left to a committee which will meet January 2 in Cincinnati, the same day as the National Commission will hold its annual meeting.

Two major league clubs will be connected with the St. Louis Federal League team, gain control of the St. Louis American League club from Robert F. Jones, John E. Bruce and others, who have long been connected with major league clubs.

AN IMMUNITY BATH. The agreement gives immunity to all men who have jumped their contracts from the National League and the American League, as well as all other Federal League players. All of them are released and are eligible to re-sign with any club.

That there will be a wide scramble for the few of the best of the Federal League players was clearly indicated by a provision in the treaty that the Federal League, as a league, and which in so far as it is a league, will assume all the expenses to exist, will assume all the expenses of Federal League players. In this connection runners drew thick and fast regarding the future status of a number of Federal League players.

One of the most interesting items of confirmation, was that Benny Kauff of the Brooklyn Federal League team was seen next spring in a uniform.

YANKS GET SOME MEN. Semi-officially it became known that the New York Yankees had secured the services of the New York American League club.

When asked what disposition would be made of the suit of the Federal League against organized baseball, the president of the anti-trust law now pending before Judge Landis in Chicago, President Tener of the National League, acting as spokesman, said:

"The suit will be withdrawn."

When asked what disposition would be made of the suit of the Federal League against organized baseball, the president of the anti-trust law now pending before Judge Landis in Chicago, President Tener of the National League, acting as spokesman, said:

CHICAGO HEART NOW DECEASED FEDERAL LEAGUE

Joseph Tinker and Mordecai Brown Pioneers in Movement Finished.

CHICAGO, Dec. 23.—Numerous lawsuits and the signing of peace treaties, tempting offers to the stars of organized baseball and a mass of headlines and copy in the papers of the history of the Federal League, which today has passed out of existence.

Chicago, Dec. 23.—The Chicago Cubs, which were the first stars to go to the Federal League, and their executive brought other players from the forces of organized baseball.

Early last January the league attacked organized baseball and the Cubs, which were the first stars to go to the Federal League, and their executive brought other players from the forces of organized baseball.

CHICAGO CUBS ARE NOT FOR SALE. CORPUS CHRISTI, Tex., Dec. 23.—The Chicago Cubs are not for sale, according to a statement issued here today by representatives of the Federal League and organized baseball.

OLYMPIC CLUB WILL ENTERTAIN W. S. C. PLAYERS. Washington State College football team will be entertained tomorrow, when the representatives of the Northwest institution arrive in San Francisco on their way to Pasadena for the game against Brown University on Saturday.

BROWN PLAYERS ON WAY. PROVIDENCE, R. I., Dec. 23.—The Brown University football team of 1916 players started for the Pacific Coast today to open the 1916 football season with a game against the Washington State College at Pasadena, Cal., on New Year's day.

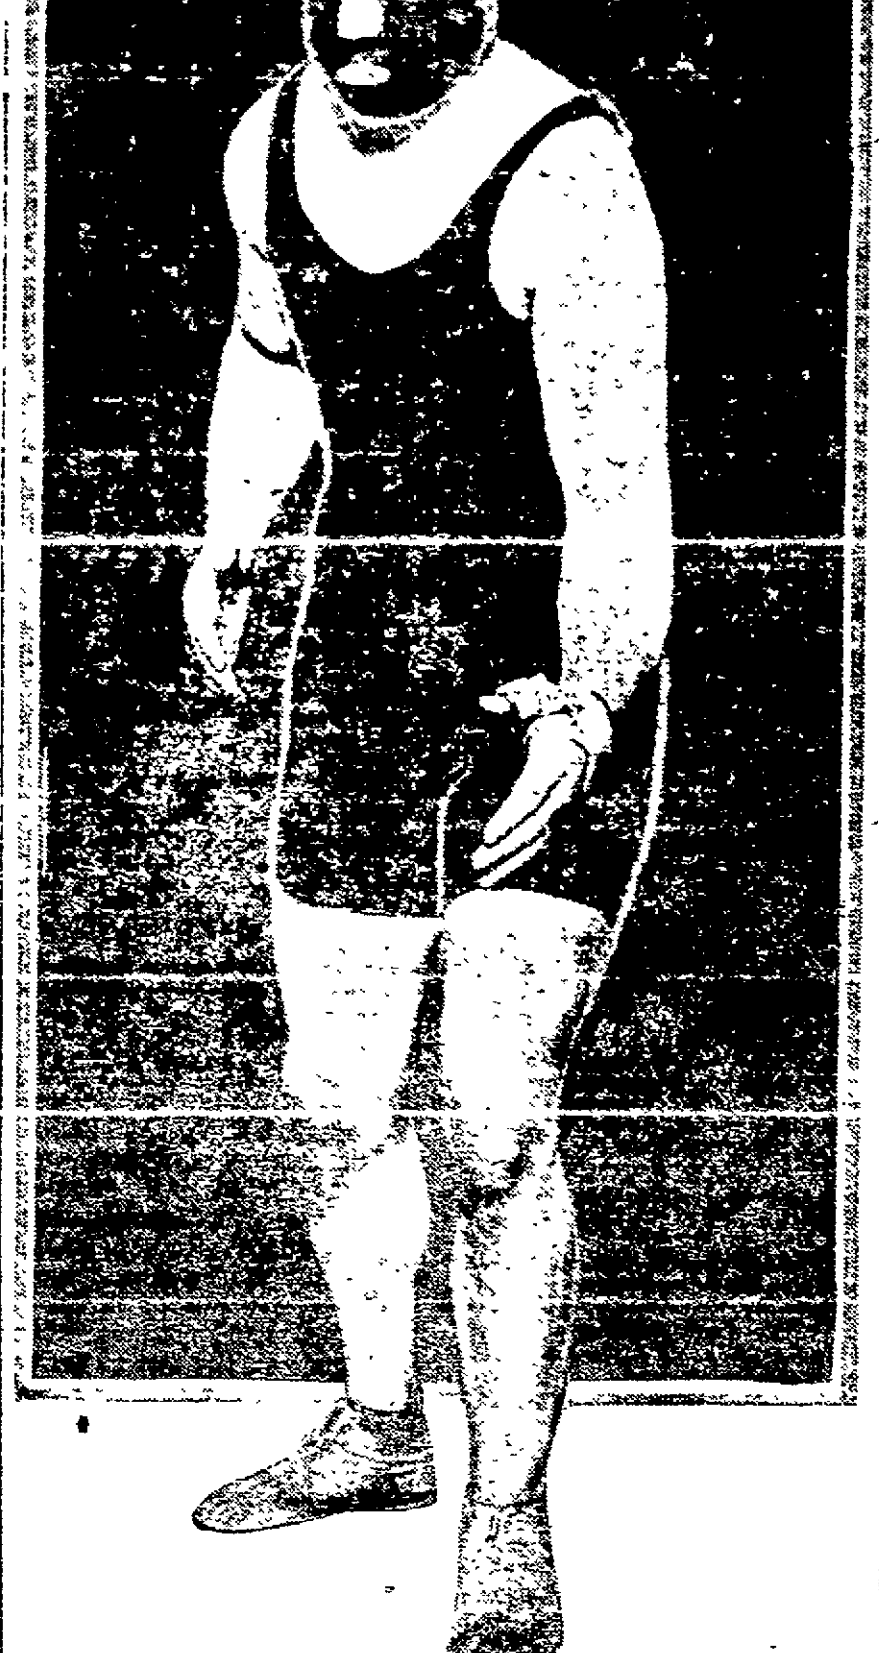

WILLIE HOPPE FACES AUSTRALIAN TONIGHT. With Willie Hoppe, former Butcher-town crone, and Lefty Thomas, the trailblazer, tonight, boxing matters in the main event, Harry Foley and Earl Conyns, matchmakers, will stage their weekly show at Dreamland tonight.

HAL CHASE DOESN'T KNOW WHERE'S HIS HOME. Hal Chase, San Jose and Santa Clara, for several years the leading first baseman in the American League, and this last season with the Buffalo Bisons, arrived in San Francisco yesterday with his wife and child, and will be here for San Jose to spend the holidays.

JESS WILLARD MOVES TO CHICAGO. CHICAGO, Dec. 23.—The Chicago Cubs, which were the first stars to go to the Federal League, and their executive brought other players from the forces of organized baseball.

CHICAGO, Dec. 23.—The Chicago Cubs, which were the first stars to go to the Federal League, and their executive brought other players from the forces of organized baseball.

Fans Idolize Masked Wrestler

This picture shows the "Mysterious Masked Marvel" who has swooped down upon the international wrestling tournament held in New York.

TRIBUNE LEAGUE CHATTER. The big surprise of the Tribune Midwinter League games was sprung Sunday when the J. J. Krieg Company team defeated the league-leading Ambrose Tailors by a score of 7-1.

WILLIE HOPPE FACES AUSTRALIAN TONIGHT. With Willie Hoppe, former Butcher-town crone, and Lefty Thomas, the trailblazer, tonight, boxing matters in the main event, Harry Foley and Earl Conyns, matchmakers, will stage their weekly show at Dreamland tonight.

INDIAN DIETZ IS GREAT FIGURE IN WESTERN FOOTBALL

Washington State Coach Has Made Winner Out of Second Rater.

SPOKANE, Wash., Dec. 22.—When Kipling said "For such is cast and west, and never the twain shall meet," he overlooked the possibilities of modern football. But the prediction of the English bard was good for quite a spell, and east and west will meet the first time on the gridiron at Pasadena, Cal., New Year's day.

Brown University's strong eleven will journey across the continent to meet the husky warriors of the State College of Washington. The Washington State team, under the coaching of William H. Dietz, the former Caribee Indian star, made a wonderful record in the far west this year.

BEAT OREGON AGGIES. In this record two features stand out. The Oregon Aggies, whose state college defeated 29 to 0, journeyed to Lansing, Mich., and walked over the strong Michigan Aggies' team to the tune of 23 to 0.

EAST AND WEST. Over the coming game the Pacific Northwest has been developed for an athletic contest in many years. Spokane's residents are looking forward to the state college, which is only 85 miles south of this city, and the local Chamber of Commerce will give a big banquet and reception to Dietz and his team en route to Pasadena.

DIETZ IS FIGURE. By far the most spectacular feature of the far western football season has been Dietz, whose coming and going and eccentricities have provided countless columns of newspaper and magazine writers.

Get Him a "Bertillion" Hat Order. Carl Zamlock was stationed at the first base for the Hardware boys and played a nice game. He also collected for one of the "Bertillion" hats and got the other hits.

Gussie Schmitt of the S. P. Store was spiked by Bequette when the latter slid into the third bag. Gussie jumped around a few moments, but gamely stuck in the game.

The Lawlor's Stars simply walked all over the Broadway Giants. Each seemed to have their hitting tops on and slammed everything that Red Lydett had all over the lot.

Wiz Metke, the regular Broadway pitcher, was trouble for a bit Sunday, but as there were just nine Stars on the field, including himself, he had to get into the game. Right here we must say for a kick man, Clarke did pretty well.

Clarke Boldt was a sick man Sunday, but as there were just nine Stars on the field, including himself, he had to get into the game. Right here we must say for a kick man, Clarke did pretty well.

JIMMY DUFFY BEATEN FOR FIRST TIME IN CAREER

Great Battle Between Bantams Gives Verdict to Conde

A card full of action from top to bottom and perhaps the greatest bantamweight battle ever staged in Oakland was witnessed by the fans last night at the Wheelmen Club when Jack Murphy, ranked No. 1 in the world, defeated Jimmy Duffy, ranked No. 2, in a ten-round bout.

TERRIFIC PACE IN FIRST. Both boys started the first round at a terrific pace, both starting the fight with a series of punches and kicks, and both landing the first round with a series of punches and kicks.

CONDE IN GREAT FINISH. Conde came out in the fourth round to fight Duffy. He landed a series of punches and kicks, and both landed the fourth round with a series of punches and kicks.

LUSCHER STOPS SMITH. Lusher had no little difficulty in stopping Smith. The contest between the two boys was the poorest of the night, and Lusher came out in the fourth round to fight Smith.

DIETZ IS FIGURE. By far the most spectacular feature of the far western football season has been Dietz, whose coming and going and eccentricities have provided countless columns of newspaper and magazine writers.

Get Him a "Bertillion" Hat Order. Carl Zamlock was stationed at the first base for the Hardware boys and played a nice game. He also collected for one of the "Bertillion" hats and got the other hits.
